The training firm supports the financial literacy, economic and legal awareness of young people through entrepreneurship education and training, which are among the top priorities of the European Union's highest bodies. The International Training Firms Fair provides the opportunity to communicate in a foreign language, deal with business cases, establish business and partner relationships with the support of real partners.

We believe that your participation will contribute to the successful conduct of the 2019 International Training Firms Fair and support the development of key competences for our secondary school graduates who will be able to apply them in business or the labour market.
